

### Certificate of Analysis

|                      |         |                             |         |
|----------------------|---------|-----------------------------|---------|
| <b>Product Name:</b> | Baklava | <b>Date of Manufacture:</b> | 2/13/24 |
|                      |         | <b>Batch:</b>               | 8209    |

#### Physical and Chemical Properties

|             |                           |
|-------------|---------------------------|
| Appearance: | Colorless to Light Yellow |
|-------------|---------------------------|

|       |               |
|-------|---------------|
| Odor: | Floral, Earth |
|-------|---------------|

|          |        |
|----------|--------|
| Density: | 0.8590 |
|----------|--------|

|                    |                           |
|--------------------|---------------------------|
| Residual Solvents: | Passes - Within CA Limits |
|--------------------|---------------------------|

|             |                           |
|-------------|---------------------------|
| Pesticides: | Passes - Within CA Limits |
|-------------|---------------------------|

|               |                           |
|---------------|---------------------------|
| Heavy Metals: | Passes - Within CA Limits |
|---------------|---------------------------|

|             |     |
|-------------|-----|
| Solubility: | Oil |
|-------------|-----|

|         |             |
|---------|-------------|
| Source: | All Natural |
|---------|-------------|

|             |                                                                         |
|-------------|-------------------------------------------------------------------------|
| Shelf Life: | 2 years from the date of production,<br>stored away from heat and light |
|-------------|-------------------------------------------------------------------------|

The information provided is without warranty, expressed or implied. All precautions for use are the responsibility of the customer. This Certificate of Analysis contains results provided by a third party laboratory. This does not relieve the purchaser from doing their own tests in order to comply with all legal requirements in their respective state.
